CHARLES E. BOYK LAW OFFICES NAMES **TODD STRAYER** AS GOOD NEWS, GOOD PEOPLE WINNER

Todd Strayer

Todd Strayer along with the Urban 6 Foundation were recently chosen as the latest winners in the “Good News, Good People” Contest. Good News, Good People is a year-long program, sponsored by Charles E. Boyk Law Offices, that honors ordinary citizens who make a positive impact in their community.

Nominated by his friend Brian Fowler, Todd was chosen because of his tremendous dedication to the Urban 6 Foundation DBA

Kickin’ It To Find The Cure. Todd founded The Urban 6 Foundation which then started the DBA Kickin’ It To Find The Cure soccer tournament. Todd’s mission is to support those who have battled breast cancer, increase awareness, raise funds to find a cure, and empower youth in a fun and competitive soccer environment.

Todd’s motivation to help find a cure for cancer came about when not only his mother, but also five of his aunts, were diagnosed with and battled breast cancer. All of the cancer in his family really got Todd thinking of how he could provide breast cancer awareness to the youth in our community.

After weighing different options Todd decided to stick with what he knows and has a true passion for: soccer. He decided to start “Kickin’ It To Find The Cure,” which combines both the love he has for his mother and his passion for soccer. Todd has been playing soccer since he was five years old and has been coaching for eight years.

The first Kickin’ It To Find The Cure soccer game was in October of 2007 where the St. Ursula Arrows played Sylvania Northview. The first tournament brought in over \$10,000 and they sold around 700 t-shirts. Over the past four years The Urban 6 Foundation has raised over \$50,000 and sold over 2,500 t-shirts to

help bring awareness to the community. Todd feels that you must empower the youth in order to help find a cure for breast cancer.

There is now a board made up of seven students from various high schools which include St. Ursula Academy, Northview High School, Springfield High School and Perrysburg High School, who help with the planning and organizing of not only the event, but t-shirt sales as well. The board along with the support and help from the parents and Todd is what makes the Kickin’ It To Find The Cure tournament possible.

Todd really enjoys the whole process of the tournament. “This tournament brings awareness to the youth in a fun and competitive environment,” said Todd Strayer.

“Todd is a fantastic example of one individual making a huge difference in our community for a fantastic cause,” said Charles E. Boyk.

The Charles E. Boyk Law Offices was also a sponsor this year for the “Kickin’ It To Find The Cure” soccer games. Our firm was happy to recognize Todd Strayer for his dedication to the Urban 6 Foundation DBA Kickin’ It To Find A Cure. If you would like to help with the soccer tournament you can contact Todd by e-mailing him at toddstrayer@hotmail.com.

THANKSGIVING TOPS THE LIST OF DANGEROUS TIMES TO BE ON THE ROAD

Thanksgiving: where you bring all your family together in one place to join and be thankful for not only the things in your life, but most importantly your family. Many people think that New Years is the deadliest holiday, but nope, that title goes to Thanksgiving.

In 2010, 502 people were killed on the road that day. On a typical day, 102 people die in traffic accidents. Robert Sinclair, a spokesman for AAA, says the combined factors of more than 50% more drivers on the road and higher-than-usual alcohol consumption contributes to its danger.

The Charles E. Boyk Law Offices are warning you to be careful out there on the roads this holiday season.

TURKEY BAKING TIPS ROASTING INSTRUCTIONS FOR SAFETY AND DONENESS:

1. Set the oven temperature no lower than 325 °F. Preheating is not necessary.
2. Be sure the turkey is completely thawed. Times are based on fresh or completely thawed frozen birds at a refrigerator temperature of 40 °F or below.
3. Place turkey breast-side up on a flat wire rack in a shallow roasting pan 2 to 2 1/2 inches deep.

Optional steps:

- Tuck wing tips back under shoulders of bird (called "akimbo").
 - Add 1/2 cup water to the bottom of the pan.
 - In the beginning, a tent of aluminum foil may be placed loosely over the breast of the turkey for the first 1 to 1 1/2 hours, then removed for browning. Or, a tent of foil may be placed over the turkey after the turkey has reached the desired golden brown.
4. If a meat thermometer is not available, cook stuffing in a casserole. Mix ingredients just before stuffing a turkey; stuff loosely. Additional time is required for the turkey and stuffing to reach a safe internal temperature (see chart below).
 5. For safety and doneness, the internal temperature should be checked with a meat thermometer. The temperature must reach 180 °F in the thigh of a whole turkey (center of the stuffing should reach 165 °F) before removing it from the oven. Cook a turkey breast to 170 °F.
 6. Juices should be clear. In the absence of a meat thermometer, pierce an unstuffed turkey with a fork in several places; juices should be clear with no trace of pink.
 7. Let the bird stand 20 minutes before removing stuffing and carving.

KID'S RECIPE HALLOWEEN FUN TUBTIME CRAYONS

WHAT YOU WILL NEED:

- 1 cup grated Ivory soap
- 1/4 cup warm water
- Food coloring
- Plastic cookie cutters

HOW TO CONCOCT IT:

- Mix water, soap and food coloring together in a medium bowl. Stir the crayon mixture until it begins to stiffen.
- Remove the mixture from the bowl and knead until it is the consistency of a very thick dough.
- Spoon crayon mixture into plastic cookie cutters.
- Place the plastic cookie cutters in the freezer for 10 minutes.
- Pop the crayons out of the cookie cutters and allow them to dry overnight or until hard.

TIPS & IDEAS:

Use a plastic ice cube tray in place of cookie cutters as a mold for your Tubtime crayons. You can also use Tubtime crayons as bath soap.

CASES OF INTEREST: NOVEMBER 2011

T-BONED ON DORR STREET

Our client was traveling east on Dorr Street in Toledo Ohio, when out of nowhere someone turned out in front of her. Due to the speeds that the defendant was traveling, our client was pushed into a telephone pole. Our client was taken by EMS to Toledo Hospital and is now suffering from a closed head and severe back injury.

REAR ENDED IN MICHIGAN

Rear ended while on Michigan exit ramp. Our client, an Ohio resident, was driving though Michigan when she was rear ended while on the exit ramp. She is treating for a traumatic brain injury and lower back pain.

SHOT IN THE NECK - ALMOST DIES FROM LOSS OF BLOOD

Our client was over at a friend's house when he was shot in the neck by a bee-bee gun. Our clients' friend was the one who shot him. Our client's jugular was severed. Our client almost bled to death due to the length of the wound. Thankfully doctors were able to stop the bleeding and stitch the wound up. Our client now suffers from permanent scarring.
