SHARON ROSENCRANCE
AS GOOD NEWS, GOOD
PEOPLE WINNER**

Sharon Rosencrance

Sharon Rosencrance, a licensed massage therapist, was recently chosen as the latest winner in the "Good News, Good People" Contest. Good News, Good People is a year-long program, sponsored by the Charles E. Boyk Law Offices, that honors ordinary citizens who make a positive impact in their community.

Sharon, who is originally from Temperance, Michigan, was nominated by Kim Crozier of The Victory Center. The Victory Center offers FREE non-medical support to cancer patients and their families. Sharon has been donating more than 10 hours of massage therapy to The Victory Center each month since 2009.

Sharon got involved with The Victory Center while she was still a student in massage therapy school. A group of her classmates were going to volunteer, and she decided to join them. She began as a front desk volunteer and later moved on to volunteer as a massage therapist. Sharon says that because she has been blessed she feels the need to give back.

Therapists like Sharon are a large part of why The Victory Center is able to offer its services at no cost. Sharon greets each one of her cancer patients with a tremendous smile and walks them down the hall to the treatment room where they experience 30 minutes of pure relaxation and stress relief. Sharon has provided the gift of kind, human touch to hundreds of cancer patients who are undergoing treatment.

In addition to helping at The Victory Center, Sharon is also a licensed beautician. The salon where Sharon works not only offers the services of cosmetology, but also offers massage therapy. "Sharon's volunteer efforts are a great example of caring people helping each other in our community," said Charles E. Boyk.

Our firm was happy to recognize Sharon for all of her help and support with the Victory Center. If you would like to help at the Victory Center please go to their website at www.thevictorycenter.org for more information!

CHILD ACCIDENT BOOK

*Ohio Child Accident Book;
Little Kids, Big Accidents*

The attorneys at the Charles E. Boyk Law Offices wrote Little Kids, Big Accidents: The Ultimate Guide to Child Injury Cases in Ohio as a guide for parents who have children who have been injured. We've found that parents whose kids have been hurt in accidents have so much on their minds that they don't need more confusion when they're exploring their legal options. That's why the attorneys in our office wrote this book – to help parents understand how they can best protect their rights and the rights of their children.

If you or someone you know has a child that was involved in an accident, make sure you have the proper information. Call today to order your FREE copy of Little Kids, Big Accidents: The Ultimate Guide to Child Injury Cases in Ohio. Please feel free to call our office if you have any questions or if you want to set up a free consultation with an attorney. Our phone number is 800.637.8170.

A DAY IN THE LIFE OF A CHARLES E. BOYK LAW OFFICE LITIGATION PARALEGAL

The life of a Charles E. Boyk Law Offices employee is that of an interesting one. No day is the same, that is for sure! The litigation paralegals work on their assigned cases throughout the day, working as hard as they can to get the best results for our clients. Not only are the litigation paralegals busy making phone calls to the various doctors and other medical providers, but they also talk with the clients personally. The paralegals take the time to make sure that everything is "a-ok" with the clients. In addition to making sure that the clients are taken care of, the litigation paralegals also prepare responses to discovery, set up depositions and mediations, track court dates, and draft pleadings.

The paralegals at the Charles E. Boyk Law Offices do a great job day in and day out working with not only the attorneys, but also our clients individually. We have recently added two new paralegals to the Charles E. Boyk staff! Our two new office members are Maria DiCarlo and Tammy Pioch.

Maria DiCarlo

Maria was born in California but her family later moved back to Michigan. She currently lives in Luna Pier, Michigan. Maria has 3 children, Nicole, Leah & Tyler, and one grandson, Devin.

Maria graduated from the University

of Toledo's paralegal program. Her work experience as a paralegal includes working for the Monroe County Courthouse.

Some of Maria's favorite things to do are spending time with family and friends, traveling, going to concerts, camping, being near or on the water and trying to squeeze in time to go to the gym. She also enjoys volunteering with teams on a variety of charities such as Habitat for Humanity, The Sparrow's Nest (a division of the Cherry Street Mission for homeless women), The Mix Vertical event, and Race for the Cure.

Tammy Pioch

Tammy graduated from Bowsher High School in Toledo where she majored in secretarial/office technology. Upon her graduation she began her legal career working for a workers' compensation law firm. Due to the high volume of medically

involved cases, Tammy then attended The University of Toledo where she took classes in medical terminology and medical transcription. She has worked in the legal field for 32 years with the majority of her experience in personal injury litigation.

Tammy has two daughters, Carrie and Andrea. Her hobbies include camping, riding her bike, and watching Ohio State football games as well as Red Wings hockey games.

Welcome Maria and Tammy!

WOMAN HIT BY CAR

Young woman run over by drunk driver

Our client had refused to get into a car with a drunk driver and was trying to get the driver to turn off the car when the driver put the car in reverse and ran over our client, crushing her hip and leg. She was taken by ambulance to Mercy Memorial Hospital in Monroe, Michigan, where she was diagnosed with a broken left ankle, broken pelvis, and broken tailbone.

SIGNIFICANT ROLLOVER INJURY

23 Year-old woman injured in rollover accident

Our client was westbound on I-475 in Toledo, Ohio when she began to slow down to accommodate the vehicle in front of her which had gotten a flat tire. Our client was violently hit from the rear which caused her car to strike the side wall and flip onto its side. The accident caused a significant traumatic brain injury and a torn labrum. Our client will now require surgery on her shoulder.

OPERATION GOES WRONG

Mother of 2 dies from inadequate medical treatment

A 35-year-old doctor and mother of two died from sepsis after receiving inadequate medical care after a miscarriage of what was to be her third child. Our client did not receive the proper attention or medication at the hospital or during her follow-up care, which then led to the onset of sepsis.
