Company Fails To Move Equipment Properly, Traps Our Client Underneath, Causing Multiple Fractures When the use of a forklift was no longer an option, a rigging company resorted to using improper techniques to move an autoloader, causing an accident that trapped our client underneath the massive machine. Our client was forced to undergo two surgeries to repair a fracture in his right femur and multiple fractures to his pelvis, and he is still facing months of physical therapy.

When Jeremy Miller started his first job at Little Caesar’s Pizza at the age of 16, he knew that someday he wanted to own his own pizzaria. That dream finally became a reality in December 2008 when he opened the doors of Rival’s Pizza, which Jeremy describes as a “good old-fashioned neighborhood pizzaria that you would remember as a kid and small enough to give that little bit of extra quality and service that you deserve.”

The difference isn’t just in the fact that everything is made from scratch, like their garlic-infused pizza dough or their marinara, but more so because of what Jeremy does for the local community.

Rival’s offers pizza by the slice to students at nearby Start High School with the intention of giving them a safe, inexpensive place to hang out after class.

This past summer Jeremy and his customers took up donations for a local family who needed help paying for medical equipment. Even after the first round of donations was stolen, he still raised the money a second time. When Jeremy discovered that Blessed Sacrament, a church two blocks over, was using jared sauce in the lasagnas that their youth group was making for the homeless, he stepped in and became the “Sauce Guy.” From then on Jeremy provided big pots of homemade marinara for them to use at no charge.

But perhaps the most impactful difference that Rival’s has made is in the life of Kevin McKenty, a 2012 Start graduate and Special Olympian who works at Rival’s twice a week.

“Kevin is amazing,” Jeremy said. “He can talk sports better than anyone I know and he keeps us all in check. He is the coolest, even though he is an Ohio State fan!”

When Boyk Law wanted to throw a pizza party for Start High freshman who passed all four of their core classes first quarter, the obvious choice was to order from Rival’s. “There is nothing better than using a local restaurant that gives back to their community,” Chuck Boyk said. “Rival’s was thrilled to help us reward the same kids that often patronize their pizza and they were fast, reasonably priced, and delicious. And since I grew up in Rival’s neighborhood, I am especially proud of their success.”

“WILL TO WIN” MANTRA EARN SARA H BOYK TITLE OF 1ST TEAM ALL-STATE

High fives were given up and down the hallways after our office learned that Sarah Boyk was recently named first team All State and first team All Cleveland in Ohio High School Field Hockey as a forward.

This news was particularly exciting since she plays for the smallest school in the single division for Ohio high school field hockey, Maumee Valley Country Day School.

Here are just a few of the accomplishments that helped her earn All State:

1. Scoring 29 goals her junior season breaking the single season school record of 22.
2. Helping her team reach the Elite 8 before losing to state champion Shaker Heights.
3. Ending her junior season as second on the all time goal school and assist record.
4. Scoring the winning goal on a breakaway against the all state goalie of Heights.

Sarah Boyk

Barbara Johnoff was named Teacher of the Month after being nominated by Senior Jacob Queen.

“Ms. Johnoff is one of my favorite teachers,” Jacob said. “She is really nice and she teaches in the easiest way that I know of – really hands on.”

Since his nomination was chosen, Jacob received a $50 Visa gift card, and Ms. Johnoff went home with a $250 gift card.

CRAFTING FOR A CAUSE RAISES $1,500 FOR WOMEN IN NEED, GIVES CRAFTERS CHANCE TO PHOTOGRAPH THEIR PRODUCTS

The Sparrow’s Nest was the recipient of $1,500 after more than 30 local artists and crafters came together to sell items at the Boyk Law’s Crafting for a Cause on November 7th. The money will go to fund programs and services for the 70 to 90 women that Sparrow’s Nest helps at any given time. The donation will also help with the cost of toiletries, books, supplies, and required items that are needed when the women attend vocational school.

“We were very happy to receive the money,” said Linda Cunningham, Vice President of Philanthropy for Cherry Street Missions. “Thank you for thinking of us!”

Another fun perk that day was the opportunity for all of the crafters to jump into the Boyk Law Photo Booth and have their photos taken, many of whom opted to also bring in their products to be photographed.

“Sparrow’s Nest has changed the lives of so many women in northwest Ohio,” Chuck Boyk said. “We are proud of the local community for coming together to raise money for their cause and it was near to see everyone document the great day with our photo booth.”
