June’s Raving Fan of the Month

“What the experience working with Charles Boyk couldn’t have been better. They are honest and willing to help. We appreciated the way the paperwork was handled and the settlement was way more appreciated the way the paperwork was handled and the settlement was way more than expected. We always had answers and everyone was available every time we needed them.” – Jason Mapes

In 2014 I got in an accident. We were coming through a light and a young man made a quick turn and turned into me on the driver’s side, slammed my car into the stoplight pole, and totaled the whole car.

My daughter got an attorney after she found out that she was going to need extensive surgery. I just wanted because I didn’t want to do anything initially, but after I thought about it and after I kept getting all of these doctor bills, I made the decision that I need to get an attorney as well. Attorney Boyk was highly recommended by a friend of ours who was very satisfied with the services so we decided that we would retain him as our attorney.

I called and spoke with someone and we talked about the process and it went from there. My daughter and I felt so much relief because then she could go through her physical therapy and not have to worry about the medical bills piling up and how to make ends meet.

I was very satisfied with my settlement and I thought it was more than what I was going to get. Everyone kept us really informed and for me, that’s what I expect. I didn’t have to call them, they called me. As a matter of fact, they called me even more than what I called them! And so I was very satisfied with the process because they kept us informed with every pace of the progression. If any one of my family members were injured, I would definitely refer them here. I would want to see someone else get the same service that I received. To watch Desiree’s full CEB Stories video, visit www.youtube.com/cebboyk.
TPS Proud Contest Ends School Year With Students Creating 425 Teacher Appreciation Videos

Boyk Law and the TPS Proud contest would like to recognize the 425 students from the nine area high schools who took the time to thank their teachers by creating a personalized video. Congratulations to our April and May winners and we look forward to continuing the program in the fall!

The TPS Proud Student and Teacher of the Month contest is a joint effort between Toledo Public Schools and Charles E. Boyk Law Offices, LLC. Each month, one teacher and one student from one of TPS’s high schools is awarded a $150 Visa gift card. Stay tuned for our program to start again in September, and to view all of the nomination videos, visit www.TPSProud.com.

RECIPES:

Billy’s Bacon Lovers BLT Pasta Salad

If you love bacon, this summer dish is for you! It pairs well with burgers, brats, or chicken and can even be served as a meal on its own.

INGREDIENTS:
- 2 lb. farfalle pasta (two boxes)
- 15 slices bacon
- 2 cups cherry tomatoes, halved
- 1 head of romaine, shredded
- Juice of two lemons
- Freshly ground black pepper
- 1 cup chives, chopped
- 1 ranch seasoning packet (like Hidden Valley)
- 2 cups cherry tomatoes, halved
- 1 ½ cups sour cream
- 4-5 chopped hard-boiled eggs or 2-3 breasts of grilled chicken to make dressing.

INSTRUCTIONS:
1. In a large pot of salted boiling water, cook farfalle according to package directions until al dente. Drain, then transfer to a large serving bowl.
2. Cook bacon until crispy. Drain and roughly chop, set aside.
3. Make dressing: In a small bowl, stir together sour cream, ranch seasoning, lemon juice, and half of the chives. Season with pepper to taste.
4. To serving bowl, add dressing and toss together sour cream, ranch seasoning, lemon juice, and half of the chives. Season with
5. In a glass trifle bowl, layer pasta, bacon, lettuce, and tomatoes. Top with more ranch dressing.
6. Optional: Add 4-5 chopped hard-boiled eggs or 2-3 breasts of grilled chicken to make the salad even heartier!

Bikes For Kids Seeking Nominations For Kids Who Deserve A New Bicycle After Bike Safety Day Success

Thank you to everyone who came out to the Boyk Law Bike Safety Day! We are so grateful to Dr. Gary Gladieux, Dr. Francis Rogalski, and UTMC ER nurse Robin Lynne for being on hand to answer questions about preventing bicycle injuries, to Toledo Fire & Rescue Station 25 for five helmets and coloring books, and to Boyk Law’s newest employee, Jake Boyk, for taking all of the photos. A huge thank you also to all of our favorite reporters from 13abc, WOIO Channel 11 for the media coverage to help us spread the word about bicycle safety. And of course the event wouldn’t have been possible without the help of Jill and Kathy Wersell of Wersell’s Bike & Ski Shop, and the Ohio Chapter of the Academy of Pediatrics and their Put A Lid On It campaign.

There are still helmets left, so stay tuned for our next Bike Safety event. Usually then, don’t forget to nominate a child to win one of 11 free bikes by visiting www.bikesforkids Toledo.com. Contest starts June 7th!

CASES OF INTEREST: JUNE 2016

Faulty Cedar Point Ride Cable Snaps, Causing Traumatic Brain Injury

Our client is still seeing a neurologist nearly two years after a cable on Cedar Point’s Skyhawk ride snapped and struck her in the head, causing a traumatic brain injury. She was hospitalized for two days, underwent physical therapy for her neck and back, and still sees a neuro-psychologist in addition to a neuropsychologist for cognitive therapy and neuro-feedback training. The scarring is still visible on her forehead and she continues to suffer daily headaches. Her three family members who were also on the ride suffered an array of injuries, including a torn meniscus and psychological trauma that caused the need for counseling. Cedar Point shut down an entire section of the park after the incident involving the 60mph ride, which is advertised as the world’s largest swing ride.

Faulty Nursing Home Bed Causes Man To Fall Three Weeks After Total Shoulder Surgery. Causes Need For Second Surgery

Our client was enjoying the first long car ride since his back surgery less than a month prior when he and his wife were rear-ended. The force of the impact undid the work done by the surgeon, causing spinal fluid to leak and the need for another invasive surgery which kept him hospitalized for a week laying flat on his back. He is still undergoing physiotherapy to regain strength in his neck and back.

Client Hospitalized For A Week, Has To Repeat Major Surgery After Car Accident

Our client was enjoying the first long car ride since his back surgery less than a month prior when he and his wife were rear-ended. The force of the impact undid the work done by the surgeon, causing spinal fluid to leak and the need for another invasive surgery which kept him hospitalized for a week laying flat on his back. Top five ways an attorney can bring relief after a car accident:

1. Help you medical treatment even if you have no insurance or can’t afford co-pays
2. Stop the insurance company and bill collectors from constantly contacting you
3. Handle all paperwork on your behalf, so you can focus on recovering
4. Where possible, negotiate down your medical bills at the end of treatment and make sure they are paid
5. Maximize your settlement by negotiating with the insurance company
