When you are fresh out of law school, you have two main goals: pass the bar exam and figure out how to earn a paycheck.

In 1983, Chuck Boyk and Mike Bruno were trying to do just that. And even though recent law school grads in 2013 are up against the same challenges, the process is much different than it was 30 years ago.

To commemorate their 30th anniversary of practicing law, we asked Chuck and Mike to fill us in on how different it was to become an attorney then versus now.

"The main difference is that technology was so primitive back then," Chuck Boyk said. "To talk on the phone, you were tethered to your desk during normal business hours. Luckily with all of the advancements like email, live web chats and Skype, we are able to help many more people than we used to be able to."

GOLD BUDDIES HONOR FALLEN TEAMMATE, RAISE $6K FOR CANCER

A gorgeous fall day was the setting for an amazing morning full of tributes, camaraderie and good-natured competition to honor 2008 and 2010 Sleepy Hollow Club Champion Jake Zeller, who lost his battle with cancer on May 7, 2013 at the age of 28.

One of the biggest highlights took place before the shotgun start with a stone dedication at the first tee by fellow golfing buddies. “To us Jake was a teammate, he was a partner, he was a great golfer, a courageous fighter and a very fine young man,” they said. The event attracted 175 golfers and Team Jake was proud to raise $6,900 in Jake’s honor to donate to: The Ohio State University’s James Cancer Hospital.

Our Court Runners, Wade Thompson, grilled in the Scramble along with his dad, Rod, and friends Brad Mich and Dan Serio.

BACKIN MACKIN AND BELL: WHY I CHOSE TO PUBLICLY ENDORSE POLITICAL CANDIDATES

An Open Letter from Chuck Boyk

Although my oldest daughter, Emily, rarely talk about her political views. I am not one to announce my stance on issues or publicly endorse a political candidate.

But this election is different, mainly because there are two names on the ballot that are hard to ignore, since their dedication to their communities is so strong that I can’t help but voice my support.

On November 5th I urge our readers to vote Tom Mackin for Perrysburg Municipal Court Judge. While I believe that his more than 20 years of experience practicing law, sitting on City Council since 1998 and chairing the Finance Committee for the Toledo Metropolitan Area Council of Governments will allow him to serve the people of Perrysburg well, it is his demeanor and genuine care for the citizens that make him better for the job than anyone else.

Another candidate who is absolutely dedicated to this town is Mayor Mike Bell. Like many people, he has a vision for the future and a vision for the City of Toledo, but Mayor Bell has proactively worked domestically and internationally to fulfill those visions and bring jobs back to Toledo. He is not afraid to make the tough decisions and to take responsibility for those tough decisions. Mike Bell is the same person on TV that he is talking to individuals on the street, which is why he would be my choice for Mayor.

It is also important for me to mention that my respect for these men runs deeper than simply reading about their credentials in the newspaper. I have been on the opposite side of cases involving both of these candidates throughout my career. I have gone up against Attorney Mackin when he was opposing counsel on different cases that I have handled on behalf of my clients and I have also represented people battling issues involving the same city that Mayor Bell currently leads.

Despite our differences in opinion, both have represented people battling issues throughout my career. 20TH ANNUAL UP ON THE ROOF

Dinner and dancing were on the agenda as nearly 900 guests enjoyed a sold-out evening complete with hot food, cigarettes, a three course meal by Cameron Mitchell and the sounds of Chicago-based Ken Arlen Orchestra. Communications Director Anneke Godlewski volunteered as host at the event and was thrilled to finally meet in person the same Event Team that was in contact with Team Jake for their Golf Scramble donation.

“It is inspiring to see everyone come together and fight for cancer research, whether it is on the dance floor, on the golf course or by pouring the pavement,” Anneke said.

While donations are still being tallied for Up on the Roof, it is anticipated that The Ohio State University Comprehensive Cancer Centers – Arthur G. James Cancer Hospital and Richard J. Solore Research Institute – will receive more than $500,000 from the night’s festivities.

20th ANNUAL KOMEN NORTHWEST OHIO RACE FOR THE CURE

Pounding the pavement once again, the Boyk Law Team and their families took to downtown Toledo to tackle the 3.10 mile Race for the Cure run/walk. Holding umbrellas and pushing strollers, they endured the rain before meeting back in the office for a big breakfast. We are always looking for people to join our Race for the Cure each November, so please remember us next year.
