**CASES OF INTEREST: SEPTEMBER 2012**

**SIX YEAR-OLD BOY BIT IN THE FACE BY TERRIER**

Our client, who is six-years-old, was bitten by a dog on his right cheek. Our client was over at a friend's house when the dog came up and bit him on the face. He suffered from deep injuries to his face and is seeing a plastic surgeon to deal with permanent facial scars.

**SPONGE LEFT IN BODY AFTER SURGERY**

One client had surgery at Riverside Hospital in Columbus, Ohio to remove part of his esophagus which had cancer. Everything seemed to be going fine: post surgery until our client started suffering from infections around the incisions. A lump also began to form. About four months later, doctors discovered that a sponge was left inside our client which was causing the infection and lump. Our client had to have a second surgery to remove the sponge, and a drain had to be put in to get rid of the infection.

**BULLYING IT’S HAPPENING IN YOUR TOWN**

In recent years, there has been a range of awareness related to bullying and the serious repercussions associated with it. Even with all this talk, bullying is still a huge problem in our schools. It isn’t something that we just see in far off cities, but it is happening in our hometowns every day. Our office has recently been made aware of several stories of children in our own area who have been bullied, some taking their own life as a result. Even with all of the organizations and the awareness that is being raised, there is still a lot of work to do. We would like to take this time to discuss the warning signs of bullying from both sides of the coin.

**BUT WHAT CAN YOU DO TO HELP?**

- Test your child’s principal’s office or to detect frequently
- Have unexplained extra money or new belongings
- Blame others for their problems
- Don’t accept responsibility for their actions
- Are competitive and worry about their reputation or popularity

Whether you know a child that is being bullied or you know one that is bullying, you need to get them the proper help so that we can stop this vicious cycle. Here are some bullying resources:

- www.pacerteensagainstbullying.org – For warning signs, info and prevention
- www.stopbullying.gov – For bullying prevention
RECENT FIRM SETTLEMENTS: FULL RECOVERY FOR LOUDONVILLE TEACHER & COACH

A little over two years ago, Aimee Young, a high school teacher and coach, was driving on her way home from a school sponsored drill team dance camp. Aimee was a coach of the high school’s drill team which would perform during halftime at varsity boys basketball games and she had three students in the car with her.

As Aimee approached an intersection, a nineteen year old driver who was under the influence of multiple drugs failed to stop at the stop sign and careened into the driver’s side door of Aimee’s vehicle at approximately 55 miles per hour. The impact was absolutely devastating, and Aimee’s car was completely destroyed after the direct and high-speed collision. The intoxicated driver died that night from injuries he sustained in the wreck.

When the fire department responded to the accident scene they found Aimee pinned and trapped inside her vehicle. Aimee suffered a severe head injury and became instantly unconscious. From the moment they received Aimee Young’s telephone call, the team at the Charles E. Boyk Law Offices, LLC sprung into action and began developing a strategy for handling her complex case.

Being that there were multiple individuals injured in the accident who were contemplated a Workers’ Compensation lien on any amount of money that would eventually be recovered from the at-fault driver. This factor was taken into consideration during all negotiations on Aimee’s case.

Aimee’s case had yet another complicating factor. In Ohio, damages for pain and suffering are capped at $250,000 per person and $500,000 per occurrence, unless a plaintiff can prove that he or she sustained what the law calls a “permanent and substantial physical deformity.” The legal team at the Charles E. Boyk Law Offices, LLC took note of some significant scars that Aimee had sustained in the wreck and were successful in locating favorable state and federal case law indicating that the type of scar that Aimee had could in fact be considered a “permanent and substantial physical deformity.”

This opened the door for Aimee to potentially settle the pain and suffering portion of her claim for an amount above and beyond the damages caps. This information was critical in advancing and negotiating Aimee’s claim because it increased the claim value significantly.

The Boyk law office was successful in securing a mediation date in the hopes of obtaining an out-of-court settlement without the need for a trial. The mediation took place on July 9, 2012 and it was an absolute success. Charles Boyk was the chief negotiator on Aimee’s behalf and was successful in negotiating a confidential settlement which was more than pleasing to Aimee. In addition, Chuck was successful in negotiating with the Ohio Bureau of Workers’ Compensation to significantly reduce the lien that they had on Aimee’s claim, thus significantly increasing the amount of money that the firm was able to put in Aimee’s pocket. Attorney Chuck Boyk was very pleased with the outcome and was equally impressed with the way that Aimee handled herself throughout the entire process. “Aimee has been a dream client,” Chuck said, “Her courage, cooperation, and intelligence has made representing her a pleasure.”

Aimee is extremely grateful that her brother made the recommendation that she contact the Charles E. Boyk Law Offices, LLC to handle her case. “Aimee said, “I can honestly say without any hesitation that if my brother hadn’t thought of contacting Chuck, I would not have had a successful outcome.” Chuck and his office have been some of the most reliable, fast-acting, and caring people that I have ever met.” Aimee’s praise for the Boyk law office did not stop there. She went on to say, “After two years of working with the legal team at Chuck’s, I feel like I have friends I can call for anything regarding my situation. Although the settlement has gone through, I know without a doubt that I can call Chuck or his office if I need any further assistance. I could never have gotten through all that I have without them as support, and in so many, many ways.”

The Charles E. Boyk Law Offices staff and their families are participating in the Susan G. Komen Race for the Cure on Saturday, September 30, 2012. This is the firm’s 16th year participating in the race. The idea for the Charles E. Boyk Law Offices team shirts was created by the employees of the firm. The employees’ ideas were then transformed into the designs which were created by Brian Fowler, from BDP in Perrysburg, Ohio. The team shirts are also being entered into the t-shirt competition. Participants of the race can cast their vote for their favorite shirt by making a $1 donation per vote. A panel of survivors, Race committee members, and Komen staff will select the winner. We will let you know next month how we ranked in the competition!

RECIPE
JELL-O WORMS!

INGREDIENTS:
■ 2 packs (3 oz) of your favorite Jell-O
■ 1 package unflavored gelatin (for extra firmness)
■ 3/4 cup whipping cream
■ 3 cups boiling water
■ 15 drops of your favorite color of food coloring
■ 100 flexible straws (or enough to fill your container)
■ Tall glass (1 quart or 1 liter carafe of milk)

DIRECTIONS:
■ Combine gelatin in bowl and add boiling water.
■ Let it cool to lukewarm and then add the whipping cream and 15 drops of food coloring.
■ Gather your straws (don’t forget to flex them out) and put them in the container. It’s important that the straws have a tight fit so the jell-o stays in the straws. For this reason, a 1 liter carafe may be better, you will probably get longer worms since there is a tighter fit. If you have a bigger container, a rubber band around the straws is helpful, or you could just add more straws to fill the container.
■ Add the gelatin mixture to the straw-filled container and let it set until firm.

There are multiple ways you can remove the worms from the straws. You can roll a rolling pin over the straws and squeeze them out or you can hold the straws over warm water. The worms will slip right out.

RACE FOR THE CURE!

The Charles E. Boyk Law Offices staff and their families are participating in the Susan G. Komen Race for the Cure on Saturday, September 30, 2012. This is the firm’s 16th year participating in the race. The idea for the Charles E. Boyk Law Offices team shirts was created by the employees of the firm. We will let you know next month how we ranked in the competition!

FEATURED TESTIMONIAL

“I appreciated the frequent phone calls to not only inform me of what was going on with my case, but also to check on my well being.”

- Brittany M.
A little over two years ago, Aimee Young, high school teacher and coach, was driving on her way home from a school sponsored drill team dance camp. Aimee was a coach of the high school’s drill team which would perform during halftime at varsity boys basketball games and she had three students in the car with her.

As Aimee approached an intersection, a nineteen year-old driver who was under the influence of multiple drugs failed to stop at the stop sign and careened into the driver’s side door of Aimee’s vehicle at approximately 55 miles per hour. The impact was absolutely devastating, and Aimee’s car was completely destroyed after the direct and high-speed collision. The intoxicated driver died that evening from his injuries. Aimee was transported via life flight to Cleveland MetroHealth Hospital where she would spend an entire month – the majority of that time being spent in the Intensive Care Unit. In addition to her many surgeries and other medical procedures, Aimee received occupational and physical therapy while she was in the hospital.

It was Aimee’s brother, who lives in Perrysburg, who initially connected her with Chuck Boyk and the Charles E. Boyk Law Offices, LLC. From the moment they met Aimee Young’s telephone call, the team at the Charles E. Boyk Law Offices, LLC sprang into action and began developing a strategy for handling her case.

Being that there were multiple individuals injured in the accident who were being treated at MetroHealth Hospital, the complicating factor that Aimee was in the hospital.

Aimee’s case had yet another complicating factor. In Ohio, damages for pain and suffering are capped at $250,000 per person and $500,000 per occurrence, unless a plaintiff can prove that he or she sustained what the law calls a “permanent and substantial physical deformity.” The legal team at the Charles E. Boyk Law Offices, LLC took note of some significant scars that Aimee had sustained in the wreck and were successful in locating favorable state and federal case law indicating that the type of scars that Aimee had could in fact be considered a “permanent and substantial physical deformity.” This opened the door for Aimee to potentially settle the pain and suffering portion of her claim for an amount above and beyond the damages cap. This information was critical in advancing and negotiating Aimee’s claim because it increased the claim value significantly.

The Boyk law office was successful in securing a mediation date in the hopes of obtaining an out-of-court settlement without the need for a trial. The mediation took place on July 5, 2012 and it was an absolute success. In recent years, there has been a surge of awareness related to bullying and the serious repercussions associated with it. Even with all this talk, bullying is still a large problem in our schools. It isn’t something that we just see in far off cities, but it is happening in our hometowns every day. Our office has recently been made aware of several stories of children in our own area who have been bullied, some taking their own life as a result. Even with all of the organizations and the awareness that is being raised, there is still a lot of work to do. We would like to take this time to discuss the warning signs of bullying from both sides of the coin.

The following is a list of signs that your child is being bullied:

- Unexplained injuries
- Lost or destroyed clothing, books, electronics, or jewelry
- Frequent headaches and stomachaches
- Feeling sick or feeling ill
- Changes in eating habits (skipping meals or binge eating)
- Kids may come home from school hungry because they did not eat lunch.
- Difficulties sleeping or frequent nightmares
- Declining grades or loss of interest, or not wanting to go to school
- Sudden loss of friends or avoidance of social situations
- Feelings of helplessness or decreased self-esteem
- Self-destructive behaviors such as running away from home, harming themselves, or talking about suicide.
- Signs that a child is bullying others
- Cut into physical or verbal fights
- Have friends who bully others
- Are increasingly aggressive

Whether you know a child that is being bullied or you know one that is bullying, you need to get them the proper help so that we can stop this vicious cycle.
