If you have lived in Detroit, Toledo or Cleveland, chances are you have heard the voice of Johny D on the airwaves of one of the many radio stations that he has starred on over the years. Back in the early 90's, Johny D was "spinning the hits" in Cleveland on what used to be "Jammin 92.3." Attorney Nick Dodosh from our office grew up in Cleveland and remembers listening to Johny D in elementary school and junior high. "Johny D introduced me to pop music. I thought he was so cool! Now that I live in Toledo, I was thrilled to learn that Johny D is on the air here with his own talk show!" said Nick.

Since coming to Toledo in the mid 90's, Johny has starred on 92.5 Kiss FM and now has a new home on Toledo's 103.7 WCKY and 1370 WSPD. Johny is on the air from 3pm-6pm Monday through Friday on 1370 WSPD. His show is a must-listen and discusses a wide range of topics from news, politics, Toledo, sports, kids, and family. Some topics are more serious than others, and Johny says that his audience either loves him or hates him.

Chuck Boyk came to meet Johny through Johny's younger sister, Julie, who used to work for Chuck as a top notch legal assistant. Chuck has represented Johny and several of his brothers and sisters (Johny has seven siblings!) over the years on

a variety of matters, including house closings.

Johny thinks highly of Chuck. "I can call Chuck and within a half hour he will call me back. That is what makes a good lawyer, being good with people... Chuck may actually be too nice!" said Johny. It is not surprising that Chuck and Johny have become good friends. "Johny D is hilarious," said Chuck. "He speaks for the common man but in a much funnier way. He is a treasure for Toledo radio."

Chuck has recently become the new legal correspondent for Johny D's show. Chuck has been on the air discussing everything from the Carnival Cruise Lines disaster to the new texting and driving laws. Both Chuck and Johny enjoy it when Chuck makes an appearance on the show.

One thing about Johny that many people do not know is that his family is his top priority. Although he says he is the black sheep out of his seven brothers and sisters, Johny's family has always been very important to him. Johny is married and has four children ranging in age from one to eighteen.

Johny D's main goal is to portray Toledo in a positive light. Many people may know that Toledo has been ranked again as one of the worst cities in the United States, but Johny begs to differ. "The city has really changed, for the better, even in the last couple years. Downtown is totally different. My wife and I really try to frequent the restaurants here in Toledo once a month," said Johny. He also really enjoys going to either the Toledo Mud Hens (baseball) or Walleye (hockey) games.

We recently did a "behind the scenes" video interview with Johny at the WSPD studio. You can watch the whole John D interview by visiting <http://www.charlesboyk-law.com/video/behind-the-scenes-with-johny-d.cfm> and don't forget to listen to Johny D weekdays on 1370 WSPD from 3pm-6pm!

KIDNEY DIALYSIS PATIENTS AT RISK FOR CARDIAC ARREST

a major health risk, decreasing their odds of receiving the transplant that their life depends on.

Our firm is already handling a GranuFlo case. If you have been a victim of these faulty medical products and have in turn suffered health issues as a result, or know someone who has been taking GranuFlo or NaturaLyte, call our office at 800.637.8170. We respect the patients that have been put into this unimaginable situation and want to help in any way that we can. It is our goal to prevent this type of thing from happening again, and we believe that it is time for pharmaceutical companies to value the patient's quality of life more than profits.

It has recently been brought to our attention that patients on kidney dialysis have been put at risk for cardiac arrest. Two kidney dialysis products, GranuFlo and NaturaLyte, have a proven link to cardiac problems. This is very scary to many as a product meant to help with health has now put thousands at an extreme health risk.

The Fresenius Medical products, GranuFlo and NaturaLyte, increase the bicarbonate levels in kidney dialysis patients, which can then contribute to cardiac arrest issues. The company apparently knew of this risk and

failed to notify patients of the hazard that the products posed to their health.

One disconcerting thing about this product recall is the supposed fact that the company knew of the risk that the products posed. The kidney dialysis patients are now in an even worse state than they were before. Some patients that were on dialysis, awaiting kidney transplants, are now considered high risk and unable to receive the transplant that they need.

By attempting to treat themselves, kidney dialysis patients have in turn been put at

ASHLEY'S AMAZING APPLE PIE

"I recently saw this on Facebook and had to try! My family loved them and they weren't too hard to make!" – Ashley Henninger

INGREDIENTS:

- 5-6 Granny Smith apples (make sure they can stand on their own)
- 1 tbsp. cinnamon
- 1/4 cup sugar
- 1 tbsp. brown sugar
- pie crust (homemade or pre-made)

INSTRUCTIONS:

- 1) Preheat oven to 375F.
- 2) Cut off the top of 4 apples and discard. Remove the inside of each apple with a spoon or melon baller very carefully, as to not puncture the peel. If you're a skilled

- interior apple excavator, salvage as much as you can so you can use it for Step 2. Or you can throw away the interior and chop up additional apples for filling.
- 3) Remove skin from remaining apple(s) and slice very thinly. These apple pieces will give you the additional filling needed to fill the four apples you are baking. Mix sliced apples with sugars and cinnamon in a bowl. If you prefer more or less cinnamon make adjustments as desired. Same goes for the sugar. Scoop sliced apples into hollow apples.
- 4) Roll out pie crust and slice into 1/4 inch strips. You can also add a strip of pastry inside the top of the apple almost like a liner to add a little more texture/sweetness to the pie. Cover the top of the apple in a lattice pattern with pie crust strips.
- 5) Place apples in an 8x8 pan. Add just enough water to cover the bottom of the pan. Cover with foil and bake for 20-25 minutes. Remove foil and bake for an additional 20 minutes or until crust is golden brown and sliced apples are soft.

Makes 4 baked apple pies (in the apple).

BOYK LAW OFFICE EMPLOYEES EMILY REVENAUGH & LAUREN ROMBKOWSKI'S STAR STUDDERD SPRING BREAK!

When our employees Emily Revenaugh and Lauren Rombkowski left for spring break at the end of February, we never thought they would end up meeting some of the most famous people in the country! While on the airplane to Miami, Emily and Lauren met a man named Duke, who just happened to be the son of one of the original members of Motown. Better yet, Duke was traveling to Miami with The Temptations!

Duke ended up inviting the ladies to a party at the home of the head coach of the Miami Heat, Pat Riley, where The Temptations were going to be playing that night. All of the Miami Heat players were scheduled to be there, including LeBron James, Chris Bosh, Dwayne Wade and Ray Allen. Emily and Lauren ended up meeting Duke and The Temptations at their hotel and headed over to Pat Riley's home in an exclusive gated community.

After going through two security gates, the ladies arrived at Pat Riley's house, saw all of the players, and got to sit on the stage off to the side as The Temptations put on a private show for Pat Riley and the Miami Heat players. Both of the girls were very excited, especially Emily who openly admits that she is in love with Dwayne Wade.

EMPLOYEE SPOTLIGHT: LISA NISCOR

Lisa started working at the Charles Boyk Law Offices last June as a Legal Assistant. She has been an excellent asset to our office and is a very hard worker. Lisa says her favorite parts about working here are talking to the clients and the many new things she gets to learn every day. She said she is never bored here and that her days at the office just fly by.

Lisa attended Kent State, Owens Community College and The University of Toledo to get her BA in psychology. She loves her dog, Alfie, and her tail-less kitty named Mega. Lisa has many hobbies that she enjoys and these include camping, going to the drive-in, playing with her niece and her nephew, knitting, cooking, canning, making jerky, baking and going to the casino.

CASES OF INTEREST: APRIL 2013

YOUNG CLIENT SUFFERED HEART ATTACK DUE TO GRANUFLO

Our office was recently contacted by a young man who had been taking GranuFlo while undergoing dialysis and suffered from a heart attack. He was only 33 years old at the time and other than the kidney problems, was an active healthy individual. GranuFlo has been recalled by the FDA and has been linked to cardiac problems. If you have experienced cardiac problems while taking GranuFlo, please contact our office.

OUR CLIENT SEVERELY INJURED ON I-75 IN TOLEDO

Our office recently filed suit for a client who was severely injured as the result of an auto accident on I-75. Another driver clipped the rear of her vehicle, causing her to lose control and end up in the grassy median. The other driver fled the scene. Our client suffered numerous facial contusions along with a nasal fracture. Our office was able to identify the other driver and has filed suit.

MULTIPLE SURGERIES AFTER DEPUY HIP REPLACEMENT

After reading the article in our July 2012 newsletter, a past client of our office contacted us about the DePuy Hip Replacement surgery that he had several years prior. He has undergone numerous surgeries since then and is still suffering from chronic pain. The DePuy Hip Replacement has been linked to chronic pain, immobility, metallosis and early failure rates. If you or someone you know has suffered from any of these conditions following a DePuy Hip Replacement, please contact our office.
