Welcome to the World, Aaron Eugene Lorigan!

Congratulations to Intake Specialist Jodi Lorigan and her husband, Nate, on the newest addition to their family, Aaron Eugene Lorigan. Born on November 16th at 2:03pm, this sweet baby boy was 8lbs. 1oz and was well-loved by big sister, Teagan. Congrats, Lorigan family!

Kim Zacharias never expected that a fun summer day of riding ATVs would take such a tragic turn on July 18, 2015. At dusk that evening, the mother of four was pulling a pulled ATV westbound along Township Road 112 in Fostoria with a six-year-old on the front of when they were struck from behind by a drunk driver. The little girl went flying and Kim suffered injuries that resulted in a partial amputation of her legs.

Throughout their rehabilitation, Kim leaned on her family, especially her daughter Kristy, during her long road to recovery. After spending over three weeks in the hospital, Kim was discharged to an inpatient rehabilitation facility, but instead of moving to stay, she opted to be released to the care of her family. “Kristy was my rock after the accident,” Kim said. “She was my strongest person. She made sure I got to all my doctors’ appointments and physical therapy appointments.”

THE WILES OF BENFIELD WINES

About 10 years ago, my husband started making wine for me as a way to save money. We sat down with Julia to open their winery and tasting room, just in time for the holidays. We are thrilled to have Julia join us today to tell us more about Benfield Wines, which opened their winery and tasting room at 11828 Shaffer Rd. in Swanton, or email us at info@benfieldwines.com.

When Julia Benfield is not working 40+ hours a week at the University of Toledo Medical Center, working part time as a Nurse Paralegal at Boyk Law, or jet-setting off to Honduras to work for their Children’s Ministry, she is helping her husband, Rob, make wine. What started off as a way to save money turned into a full-fledged business and the couple recently opened their winery and tasting room, just in time for the holidays. We sat down with Julia to learn more about Benfield Wines.

Hand Made Electric Guitar Raffle to Benefit the Victims of Recent Mass Shootings

By Raymond Niscior

When I heard the news, my heart sank lower than I think it ever has. Fifty-nine people shot to death and more than 500 injured in Las Vegas, Nevada. They were music lovers gathered to enjoy country tunes with their friends and families, and to put an end to a great summer at the Route 91 Harvest Music Festival. Then, just barely a month later while families gathered for Sunday worship, another 26 were gunned down and more than 20 others injured in Sutherland Springs, Texas.

Kim Zacharias never expected that a fun summer day of taking ATV’s would take such a tragic turn on July 18, 2015.

At dusk that evening, the mother of four was pushing a stalled ATV westbound along Township Road 112 in Fostoria with a six-year-old on the front when they were struck from behind by a drunk driver. The little girl went flying and Kim suffered injuries that resulted in a partial amputation of both legs.

Kim Zacharias was discharged from Toledo Hospital’s Trauma Unit due to the severity of her injuries. She was suffering massive blood loss, was facing the trauma of losing both of her legs, and was completely disoriented about what had happened.

Meanwhile, the man who hit them failed a field sobriety test and was charged with OVI, failure to maintain clear distance ahead, and open container in vehicle. After arraignment at the Seneca County Jail following his arrest, he blew a 0.098 blood alcohol concentration. It was his second time being charged for drunk driving.

Kim leaned on her family, especially her daughter Kaitlyn, during her long road to recovery. After spending over three weeks in the hospital, Kim was discharged to an inpatient rehabilitation facility, but instead of staying there, she opted to be released to the care of her family.

“Kristy was my rock after the accident,” Kim said. “She was my strongest person. She made sure I was released to the care of my family.”

At the hospital when we asked them to and they jumped right in and helped me with insurance and Social Security. That was so much paperwork that I didn’t have to deal with.”

In addition to urging drivers never to drink and get behind the wheel, Kim wants anyone suffering from a tragic accident never to give up. But what is truly inspiring about Kim’s story is how her husband, Randy, built her a set of parallel bars so that she can continue re-learning how to walk.

“I just want people to know that if anything were to ever happen, stay positive and stay strong,” Kim said. “Stay focused and look ahead. Life doesn’t end in a tragedy. Rely on friends and family if you need to, that’s what they are there for and why we have each other.”

To watch the inspiring video of Kim using her new parallel bars, check out our Facebook page, www.facebook.com/CharlesEBoykLawOffices
