May’s Raving Fan of the Month

“I hired Mr. Bruno due to a worker’s comp case and he explained the process to me every step of the way. I felt well informed and confident that he was doing his utmost to get my case settled satisfactorily, and as quickly as possible. I am pleased with the results of my case and the settlement that I was awarded.

“When people say they have no idea what’s going on in their case and feel there are no answers, I assure you Mr. Bruno and the Boyk law firm are doing all they can.”

Celebrating Our Hero Nurses For National Nurses Day!

Julia Beufeld

While celebrating those outside our firm, we couldn’t miss this opportunity to celebrate and give an extra thank you to our very own nurse paradigm, Julia Beufeld. Not only is Julia working as an ER nurse at a local hospital, but she is still helping us on our cases and even stepped up to help with a video Q&A on our Facebook page, answering questions about how to stay safe during the pandemic and talking candidly about her own decontamination process when she gets home from the hospital. Julia, we are so happy to have you on our team, and we know all your patients are equally as lucky. Thanks for all you do!

Emily Meyer is an RN at ProMedica Toledo Hospital working in the ER. Her nominator, Sten-Mike Miller describes her as a devoted mother of two young boys, who is also expecting a baby girl this August. While working long hours caring for patients at the ER, Emily is also balancing raising National Nurses Day was May 6, 2020, and we couldn’t think of a better group of people to celebrate—especially this year. During the COVID-19 pandemic, nurses all across the world have worked tirelessly to care for patients, putting their own health at risk and making sacrifices every single day to make sure we have the best healthcare possible during this unprecedented time. Although we will never be able to thank them enough, we asked our readers to nominate the extra special nurses they know so we could pick three winners, highlight these amazing people, and give them a little token of our gratitude. The winners will each receive a gift card, and we can’t wait for everyone to read a little about the work they have been doing:

Michelle Auldman

Nominated by Paula Kull, Michelle is a nurse at St. Luke’s Hospital in Mansfield who has been working 12 hour shifts during the pandemic and is also on-call during her days off. Michelle finds it her calling to help people and has been described to us as an amazing nurse, amazing woman, and amazing human being. In fact, Paula calls Michelle her “superhero” nurse. Thank you, Michelle, for being a hero in these scary times!

Emily Meyer

Emily Meyer is an RN at ProMedica Toledo Hospital working in the ER. Her nominator, Sten-Mike Miller describes her as a devoted mother of two young boys, who is also expecting a baby girl this August. While working long hours caring for patients at the ER, Emily is also balancing raising and protecting her family at home. Dedicated to her job and caring for the sick, Emily is a brave and strong young woman who always works hard to make sure everyone who comes through those ER doors is taken care of, something that is especially scary right now. We are proud to celebrate Emily for her brave dedication to her patients.

Megan Saddoris

Megan is an RN who works at a local hospital that has been treating COVID-19 patients. She was nominated by her mom Dana Saddoris, who says that each and every member of these medical teams should be honored daily for the amount of giving they offer their patients. Often times the nursing staff is the only familiar face patients see in their lives. The winners will each receive a gift card, and we can’t wait for everyone to read a little about the work they have been doing:

We’re sending virtual hugs and paper hugs your way! Again, MOMs for all you’ve done, are doing, and will continue to do. And we know and appreciate the great job you’re doing. Thank you emotionally, and even financially. We are all in this tough time together.

They can. We know these times are challenging you mentally, physically, emotionally, and even financially. They are plenty of Northwest Ohio florists that can still send her flowers. There are plenty of Northwest Ohio florists open and still making deliveries. Be sure to plan ahead and make sure she gets it before May 10. Drive by mom’s house with posters and balloons. This way she feels celebrated and gets to physically see her loved ones. Drive by mom’s house with posters and balloons. This way she feels celebrated and gets to physically see her loved ones.

There are over 200 restaurants open for delivery in the Toledo area through Grub Hub and Uber Eats. Make a gratitude video, or have the grandchildren make a video to send her. If you’re looking to see each other real time, there are plenty of apps out there to support video chatting for free like FaceTime, House Party, Zoom, and Skype. Wrap out the acts and cards and send a homemade card. The USPS is still delivering mail, but you may need to account for some extra days to be sure she gets it before May 10.

Driver by mom’s house with posters and balloons. This way she feels celebrated and gets to physically see her loved ones even with everyone practicing social distancing. Even though you can’t spend the day picking flowers or visiting garden centers together, you can still send her flowers. There are plenty of Northwest Ohio florists open and still making deliveries. Be sure to plan ahead and make sure you reserve some flowers and delivery time.

We want to take this time to thank all the moms out there doing the best they can. We know these times are challenging you mentally, physically, emotionally, and even financially. We are all in this tough time together and we know and appreciate the great job you’re doing. Thank you again.

During this unprecedented time, moms are working from home, homeschooling the kids, getting them their exercise, and trying to entertain them, all while obeying the shelter-in-place order in place since mid-March. We know plenty of dads are holding down the fort too, but this is all about celebrating the moms out there, who are doing it all! How do we celebrate moms this year if we can’t take her brunch, buy her a new sweater from the mall or take her to the farmer’s market to buy a beautiful bouquet? Even if some of the restrictions are lifted, Mother’s Day is definitely going to look and feel different.

For all of you out there who still want to make a big to-do this year for mom, there are plenty of ways! Treat Mom to her favorite meal.

Recipe: Grandma Steffen’s Pear Tart

**INGREDIENTS:**

**Pastry**

- 1/2 C butter
- 1/3 C sugar
- 1/2 tsp vanilla
- 3/4 C flour
- 2/5 C pecans, finely chopped

**Filling**

- 8 oz. cream cheese
- 1/2 C sugar
- 1 egg
- 1/2 tsp vanilla
- 1/2 tsp cinnamon
- 1/2 tsp sugar

**INSTRUCTIONS:**

For pastry dough, cream butter and sugar. Stir in vanilla, flour, and pecans. Paddle dough into 10” tart pan (greased). Bake at 350º for 15 minutes or until lightly browned.

For filling, beat cream cheese and sugar. Add egg and vanilla. Pour into baked crust. Fan sliced pears over the top and dust with cinnamon and sugar.

Place tart pan on cookie sheet and bake at 35º for 25 minutes or until set.

Our client remained unconscious and in the hospital for two days. He suffered a fractured skull, a broken nose, six broken toes, and in the hospital for two days.

**ELDERLY WOMAN PASSES AWAY AFTER FALLING AT HOSPITAL AND SUFFERING BRAIN BLEED**

An elderly woman was taken to the hospital due to low blood pressure. She was very weak, was deemed a fall risk, and was required to have a two-person-assist. A single staff member allowed the elderly woman to walk on her own. As she was returning to her bed, she fell and hit her head on the corner of a couch. Complaining of a headache, the woman was given medication and then left unattended in her bed. The elderly woman fell asleep and never woke up. An autopsy performed and was determined that she suffered a brain bleed and passed away as a result of falling and hitting her head. The family came to the Charles E. Boyk Law Offices for help with opening an estate and pursuing a wrongful death case against the hospital.

**RECIPE:**

**Grandma Steffen’s Pear Tart**

**INGREDIENTS:**

Celebrating Moms On Mother’s Day, In The Wake Of The Coronavirus

The U.S. has been celebrating moms on the second Sunday of May since 1918. Though traditionally we’ve showcased our mothers with flowers, cards, and gifts, this year may look a little different due to social distancing guidelines impacting our community. However, we can let our moms know that they are loved and appreciated.

During this unprecedented time, moms are working from home, homeschooling the kids, getting them their exercise, and trying to entertain them, all while obeying the shelter-at-home order in place since mid-March. We know plenty of dads are doing the same too, but this is all about celebrating the moms out there, who are doing it all! How do we celebrate mom this year if we can’t take her brunch, buy her a new sweater from the mall or take her to the farmer’s market to buy a beautiful bouquet? Even if some of the restrictions are lifted, Mother’s Day is definitely going to look and feel different.

For all of you out there who still want to make a big to-do this year for mom, there are plenty of ways! Treat Moms to her favorite meal. There are over 200 restaurants open for delivery in the Toledo area through Grab Hub and Uber Eats. Make a gratitude video, or have the grandparents make a video to send her. If you’re looking to see each other in real time, there are plenty of apps out there to support video chatting for free like FaceTime, House Party, Zoom, and Skype. Whip out the arts and crafts and send a homemade card. The USPS is still delivering mail, but you may need to account for some extra days to be sure she receives it by May 10. Driver by mom’s house with posters and balloons. This way she feels celebrated and gets to physically see her loved ones even with everyone practicing social distancing. We want to take this time to thank all the moms out there doing the best they can. We know these times are challenging, physically, emotionally, and even financially. We are all in this tough time together and we know and appreciate the great job you’re doing. Thank you again MOMs for all you’ve done, are doing, and will continue to do. We’re sending virtual hugs and paper hugs your way!

On this Mother’s Day, we are highlighting the efforts of the moms on the frontlines. As we celebrate them, we will continue to celebrate all the moms who are keeping their homes and families strong.

RECIPE: Grandma Steffen’s Pear Tart

INGREDIENTS:

Pastry

- 1/2 C butter
- 1/3 C sugar
- 1/2 tsp vanilla
- 3/4 C flour
- 2/3 C pecans, finely chopped

Filling

- 8 oz. cream cheese
- 1/2 C sugar
- 1 egg
- 1/2 tsp vanilla
- 3/4 C flour
- 1/2 tsp cinnamon
- 1/2 tsp sugar

INSTRUCTIONS:

Pastry: For pastry dough, cream butter and sugar. Stir in vanilla, flour, and pecans. Pera dough into 10” tart pan (greased). Bake at 350º for 15 minutes or until lightly browned.

Filling: For filling, beat cream cheese and sugar.

For the filling, beat cream cheese and sugar.

Add egg and vanilla. Pear into baked crust. Fan sliced pears over the top and dust with cinnamon and sugar.

Place tart pan on cookie sheet and bake at 355º for 25 minutes or until set.

The U.S. Food and Drug Administration (FDA) announced its request for the removal of Zantac products from drugstore shelves.

In its press release, the FDA called for the withdrawal of all prescription and over-counter (OTC) ranitidine drugs from the market immediately. The decision comes as a result of the FDA’s ongoing investigation into contamination of the product. The FDA discovered N-Nitrosodimethylamine (NDMA) in Zantac. The chemical is known carcinogen that is used in research to develop tumors in lab animals.

Consumers buying over-the-counter Zantac are advised to stop taking the medication. For patients taking prescription ranitidine, the FDA advises you should talk to your doctor about other treatment options before switching.

Our firm is investigating cases for individuals who took Zantac and were later diagnosed with cancer.

“I hired Mr. Bruno due to his reputation for his
work ethic and him being easy to deal with. I
would highly recommend Mr. Bruno and the Boyk law
firm.”

– Anonymous

You may know Deet’s BBQ as a locally owned and
operated charcoal barbeque restaurant that smokes fresh
cow and pork meats daily and serves delicious meals at several
locations in the Toledo area. But today, Deet’s BBQ is quickly becoming known for its philanthropic
efforts, giving back to the Toledo and surrounding communities through its community outreach initiative #grubsforscrubs. Due to social distancing
enforcement, Deet’s BBQ, along with other area restaurants and bars, has been forced to close its dine-in services. However, owners Trevor Deeter and Tim Have got creative and came up with a way to keep their staff employed and at the same time provide warm meals to those serving on the front lines of the pandemic. Through generous donations from
people throughout the community, Deet’s makes fresh
meals and delivers them to the local hospital workers
who are on the front lines of the COVID-19 pandemic.
To keep the #grubsforscrubs initiative going, Deet’s BBQ is
taking donations at area Deet’s BBQ locations, online at
deetsbbq.com, or by calling 419-893-2335.

National Nurses Day was May 6, 2020, and we couldn’t think of a better group of people to celebrate—especially this year. During the COVID-19 pandemic, nurses all across the world have worked tirelessly to care for patients, putting their own health at risk and making sacrifices every single day to make sure we have the best healthcare possible
during this unprecedented time. Although we will never be able to thank them enough, we asked our
readers to nominate the extra special nurses they know so we could pick three winners, highlight these amazing people, and give them a little token of our gratitude. The winners will each receive a
gift card, and we can’t wait for everyone to read a little about the work they have been doing:

Michelle Alderman

Nominated by Paula Noll, Michelle is a nurse at St. Luke’s Hospital in Maumee who has been working 12-hour shifts during the pandemic and is also on-call during her days off. Michelle feels it is her calling to help people and has been described to us as an amazing nurse, amazing woman, and amazing human being. In fact, Paula calls Michelle her “superhero” nurse. Thank you, Michelle, for being a hero in these scary times!

Emily Meyer

Emily Meyer is an RN at ProMedica Toledo Hospital working in the ER. Her nominator Steff乾隆 calls Emily her “superhero” nurse. Thank you, Michelle, for being a hero in these scary times!

Megan Saddoris

Megan Saddoris is an RN who works at a local hospital that has been treating COVID-19 patients. She was nominated by her mom Dana Saddoris, who says that each and every member of these medical teams should be honored daily for the amount of giving they offer their pa-
tients. Often times the nursing staff is the only familiar face a patient sees every day, and sadly, in some cases it could be the last person they see in their lives. Megan’s mom notes that these frontline workers are having a hard time not only with the long hours and sadly, in some cases it could be the last person they see in their lives. Megan’s mom notes that these frontline workers are having a hard time not only with the long hours, but also the emotional toll of treating patients during a pandemic. We join in humble thank-
ing Megan, and all the others, for their service.

Julia Beanfield

While celebrating those outside our firm, we couldn’t miss this opportunity to celebrate and give an extra thank you to our own nurse paradigm, Julia Beanfield. Not only is July working as an RN nurse at a local hospital, but she is still helping us on our cases and even stepped up to help with a video Q&A on our Facebook page, answering questions about how to stay safe during the pandemic and talking candidly about her own
determination process when she gets home from the hospital. Julia, we are so lucky to have you on our team, and we know all your patients are equally as lucky. Thanks for all you do!
