## Boyk Law Uses New Technology To Keep Clients Informed

Boyk Law is integrating new technology to help our clients follow the status of their cases. Boyk Law is launching Milestones, a new software program that will send our clients video links explaining what is happening with their cases and answering frequently asked questions.

When you become one of our clients, you will receive a text message alerting you that "Charles Boyk Law Offices has created a Milestones Account for you to stay updated!"

After verifying your identity, you will have access to a video from Chuck Boyk or one of the firm's other attorneys, welcoming you to the firm, explaining where you are in the process, and what comes next.

As your case progresses through different phases, you will receive a text alert notification that there is an update available with a link to follow for more information.

The new software is linked to our state-of-the-art client management system and is automatically activated when your

case moves from one phase to the next. For example, as your case moves from the negotiation phase to the settlement phase, you will be notified by a text message and have access to videos specifically created by Boyk attorneys to answer your questions and update you on your case.

"Many clients have had no previous experience with the legal system and aren't familiar with legal terms. Milestones will take our office to the next level as this program will send out updates at each phase of the case and will provide clients with easy-to-understand language, so they know what to expect at all times," says Attorney Andrea Young.

"It will provide useful information, answer questions, and help us work together as a team with our clients to achieve maximum recovery," said Chuck Boyk.

The videos can be viewed from your phone or desktop and help you to stay informed on the progress of your case. They are intended to supplement the personal attention and service you already receive

from Boyk Law. They will enhance our already strong commitment to excellent customer service. As always, if you have any questions about your case or another legal matter, Charles Boyk Law Offices are always here to help.

## Charles Boyk Law's 15th Annual Bikes for Kids Contest is Underway

The first four winners in Charles Boyk Law's Bikes for Kids Contest have received their bikes in surprise presentations at Wersell's Bike Shop.

Hailey Blanton was nominated by her mother. "Hailey is a very special little girl. She has had some challenges in her life that she has worked so hard to overcome," says her mother, Stacey Blanton. "She is my brilliant shining star!"

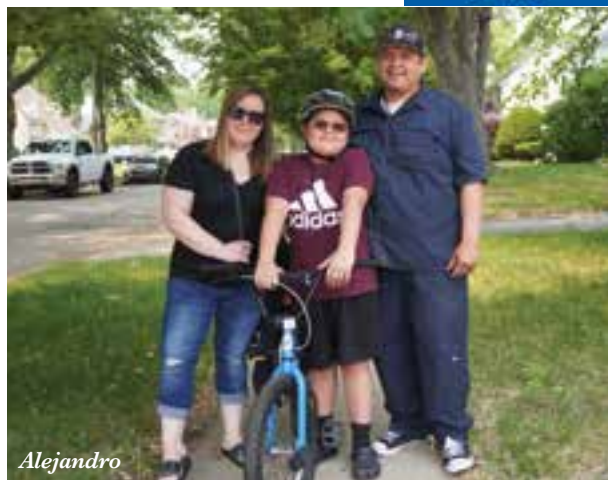

Alejandro Rivas was diagnosed with leukemia in 2022. After a year of battling the disease with multiple chemotherapy treatments each month, Alejandro is now in the maintenance phase. Charles Boyk Law supports Alejandro's battle

against childhood cancer and selects him as our second Bikes for Kids Winner of 2023.

Aiva Weeks is an honor student at Start High School who was nominated by her great-aunt, in recognition of her kindness, respect, and for giving back to her community as a member of Young Women of Excellence, a group that performs service projects in the Toledo area.

Shanice B. was removed and relocated from a troubled domestic environment across the state. She was nominated by her adoptive mother for bravely facing the resulting challenges and obstacles.

Each of our winners received a bike courtesy of Charles Boyk Law Offices. The bikes were fitted, and a helmet and lock were provided by Wersell's Bike Shop. They also received LED bike lights from Brightz, a Toledo-based company that sells recreational lighting products nationwide.

## RECIPE:

# Home-Grown Garden-Fresh Bruschetta

## INGREDIENTS:

- 4 Tablespoons olive oil
- 5 Cloves garlic, finely minced
- 2-pints grape tomatoes halved lengthwise (use different varieties for more flavor & color)
- 1 Baguette or other crusty loaf of bread
- 1 Tablespoon Balsamic Vinegar
- 16 -20 whole fresh basil leaves
- Salt
- Fresh Ground Black Pepper
- 1 Stick Butter

## INSTRUCTIONS:

1. In a small skillet, over medium-high heat, add the oil and then the garlic. Stir for about a minute. Remove garlic when golden but before it turns brown. Pour the garlic and oil into a mixing bowl and allow it to cool slightly.
2. Add the tomatoes, balsamic and 15-16 basil leaves to the bowl. Season with salt and freshly ground pepper. Toss to combine, and then add more basil and salt, to your preferred taste. Do not over salt!
3. Cover and refrigerate for 1-2 hours.
4. Cut the baguette into diagonal slices.
5. Melt the butter in a large skillet and grill the bread on both sides, making sure they're nice and buttery. Cook until golden brown on both sides.
6. To serve, stir the tomato mixture and then spoon generously over the slices of bread.

# Pawyer Spotted by Roofers Wearing Boyk Law Reflective Tag

*Prince sporting our dog tag*

Earlier this year, our receptionist Kaitlyn received a phone call from someone who had found a lost dog. The caller said that the dog was wearing a reflective dog tag from Charles Boyk Law, and he called the phone number listed on it. The caller was actually one of the installers from Holt Roofing, who were working atop Charles Boyk Law's Holland office.

The lost dog was Prince, one of our top Pawyers, who wasn't actually lost, simply outside patrolling the grounds and supervising the new roof installation. Prince may look like a small white Maltese, but he craves adventure and excitement. When he isn't providing a visible security presence or doing quality control checks on the dog treat supply in the office, Prince can often be found riding shotgun in a jeep, with the wind in his hair.

The "woofer" and the roofers got along great, as the team from Holt Roofing did an excellent job at Charles Boyk Law's Holland office.

## CASES OF INTEREST: JULY 2023

### Couple Injured When Vehicle Pulls Into Path of their Motorcycle

Our office represents a couple who were riding a motorcycle on Sugar Ridge Road, when another vehicle pulled out of a private drive and directly into their path of travel. Our office is investigating whether the other driver was under the influence of drugs and alcohol at the time of the collision. Upon impact, our clients were ejected from their motorcycle and suffered extensive injuries. The husband suffered a blood clot in his lung, and mangled his leg so badly that it required amputation. The wife suffered fractures to her collarbone, legs, vertebrae, and right hand. The couple are currently in a skilled nursing facility recovering from their injuries.

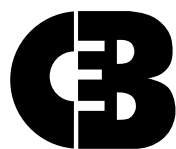

### Vehicle Fails to Yield at Intersection and Causes Traumatic Accident

Our client was traveling on U.S. Route 224 in Medina County, Ohio along with her daughter-in-law and grandson. As our clients approached the intersection, another vehicle failed to yield, turning left into their path of travel and colliding with our clients. Our client shattered her femur and was sent to a rehab facility where she regained her strength to walk again. She now has home health come to her to continue with rehabilitative efforts. Her daughter-in-law was life-flighted to the hospital where she remained for a week with a torn aorta, punctured lung, and broken facial bones.

### Woman's Car Struck from Behind on Ohio Turnpike

Our client was traveling on the Ohio Turnpike when another vehicle smashed into the rear of her vehicle, sending it off the side of the road, and rolling into a ditch. Our client suffered severe injuries and was life-flighted to St. Vincent Hospital. There, she was diagnosed with a fractured pelvis, five fractured ribs, a collapsed lung, and a brain bleed. She was intubated and emergency surgery was performed. Our client is currently in a rehab facility and has a long road to recovery.
